

Cargo Way Streetscape Design Project

Community Workshop

Wednesday, November 7, 2007

6:00 – 8:00 p.m.

City College of San Francisco – Evans Campus, Room 227A

Agenda

1. Welcome & Project Introduction (5 minutes)
Kelley Kahn, SF Redevelopment Agency
Maureen Gafney, Association of Bay Area Governments

2. Review of Context and Existing Conditions (15 minutes)
Tom Evans, SF Redevelopment Agency

3. Introduction to Cargo Way Design Alternatives (15 minutes)
Robin Chiang & Associates

4. Break-out Session to Review Draft Design Alternatives (35 minutes)
Participants will circulate through four tables to examine each alternative and key intersections in more detail. City staff and consultants will be at each table to answer questions and explain the alternatives. Participants will have a handout of each alternative to record their impressions and ideas.

5. Reconvene Large Group to Discuss Design Alternatives (35 minutes)
Participants will reconvene as a large group to discuss the pros and cons of each alternative. The conversation will focus on several key issues: bike path location, median design, lighting, landscaping buffers and stormwater infrastructure. Participants can also comment on desired pedestrian and bicycle amenities (such as benches, bike racks, signage etc.) to inform the development of a preferred alternative.

6. Next Steps and Adjourn (5 minutes)
